

STATEMENT OF PURPOSE

RS22627

This proposal amends the definition of "extended access oral health care programs" to permit non-profit entities organized as 501(c)3 or 501(c)4 corporations to provide free dental or dental hygiene services to persons who, due to age, infirmity, indigence, disability or other similar reasons may be unable to receive regular dental or dental hygiene treatment, subject to approval of the Idaho State Board of Dentistry. The bill also amends the definition of "dental assistant" and "dental specialist" to make such terms gender neutral.

FISCAL NOTE

There is no negative fiscal impact to the state or local government.
